SUBJECT: Request for Location and Design Approval

Description and Project Proposal:

The proposed project, GDOT P.I. 0013740, located 1.9 miles west of Bowdon, GA, would replace the existing bridge on State Route (SR) 166 over Big Indian Creek. The proposed bridge would be constructed parallel to the existing bridge. The length of the proposed project is approximately 0.45 miles with an overall bridge length of 375-feet. The proposed design includes one 12-foot lane in each direction with a 10-foot rural shoulder (6.5' paved & 3.5' grassed). The design speed is 55 mph. The proposed bridge typical section includes one 12-foot lane in each direction with 8 foot outside shoulders.

Concept Approval Date: July 10, 2018

Concept Update: None

Environmental Document Type: NEPA - PCE

Approval Date: May 19, 2022

Public Involvement: No Public Involvement is required on this project due to the minor nature of the project, no evidence of public controversy, no displacements and no off-site detour proposed during construction.

Consistency with Approved Planning: The design description as presented herein and submitted for approval is consistent with the approved Concept Report.

Recommendations: Recommend that the location and design for the project be approved and that the attached Notice be approved for advertising.

NOTICE OF LOCATION AND DESIGN APPROVAL

P. I. 0013740

CARROLL COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: May 19, 2022

The proposed bridge replacement project is located in Carroll County along State Route (SR) 166 at Big Indian Creek which is approximately 1.9 miles west of Bowdon, GA in Land District 9.

The proposed 375-foot bridge would be constructed parallel to the existing bridge. The length of the project is approximately 0.45 miles. The roadway section includes one 12-foot lane in each direction with a 10-ft rural shoulder. The bridge typical includes one 12-foot lane in each direction with 8-foot outside shoulders.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:

Jonathan Duke, Area Manager
District 6, Area 3
jduke@dot.ga.gov
4323 US Hwy. 27
Buchanan, GA 30113
770-646-5522

Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to:

Kimberly W. Nesbitt, State Program Delivery Administrator
Office of Program Delivery
